Change your avatar

- Your avatar is an image that appears with your posts.
- Go to your USER CONTROL PANEL (near where you log in, choose User CP).
- Look down to Menu, then Your profile and choose Change avatar.
- In the Change avatar section either upload your own avatar or use one from the default gallery.
- Select from the Avatar gallery: next to default gallery click go, click your chosen avatar, at the bottom, click change avatar.
- Upload your own avatar: create your own file up to 15 kb and image dimensions up to 100 x 100 pixels.
- In the change avatar section click choose file, select your image file from your directory and click open, then choose change avatar.
