

Paraboss forum

Receive email notification of forum posts

- Go to your USER CONTROL PANEL: near where you log in, choose User CP.
- Look down to Menu, then Your profile and choose Edit Options.
- In Messaging and Notification click the dropdown box under Automatic subscriptions and make your choice.

If you choose an option with subscribed forums only, you must now go back to the forums and subscribe to those of interest:

- Above the Menu click The ParaBoss Technical Forum.
- Click on each forum of interest, e.g. Worms.
- At the top right of the forum box click Subscribe to this forum.
- Repeat for each forum of interest.
